

Dear Parents:

Greetings from the wild and beautiful Wind River Range near Boulder, Wyoming. We at the Green River Outreach for Wilderness Foundation are excited to meet you and are working hard to prepare a summer full of positive memories and lifelong friendships for your camper.

As the Camp Director for Camp GROW, I am committed to learning about your camper before camp begins so that I can best help your camper grow in his/her friendships, confidence, and outdoor skills. I am also committed to providing excellent parent communication and partnering with you to create experiences that will be exciting, beneficial, and fun for your child.

The attached sheet asks you to fill out two questions about your camper. Please take the time to fill these out and return them to us along with the Health Form and Travel Form. This will immensely help our counselors and staff with getting to know your child.

We also encourage your camper to write a letter to his/her counselor. It is still early in our planning, so we do not yet know who your child's counselor will be (we make final cabin assignments during orientation once we identify the strengths and personalities of each counselor), so he or she can write the letter to whatever name amuses them. The topic of the letter is: "What I am most looking forward to at camp this summer." Young campers might need some help, but please make sure that the ideas came from your camper.

The purpose of your camper's letter and the attached sheet is to enable our counselors to understand your camper's unique needs and interests in a personal and effective way. We appreciate your time and thoughts, and we assure you that this information will help us create a customized camp experience that your child will love.

See you at Camp GROW!

*Sincerely,
Green River Outreach for Wilderness*
